

## PTFE Lined Elbow

### Technical Specification

**Design and Manufacture Standard:** ASTM F 1545, HG/T 21562

**Flange Standard:** ASME B 16.5 ,HG/T 20592,DIN,JIS

**Inspection & Testing:** ASTM F 1545

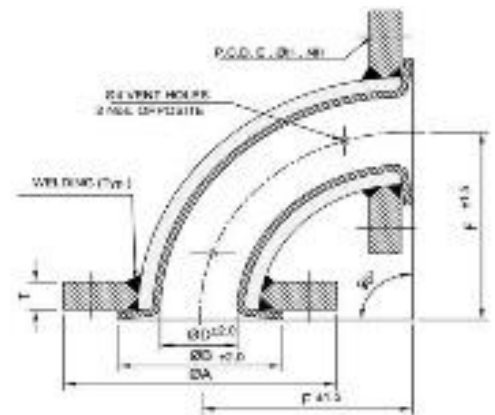

### Product Specification

**Body Material:** A105 , SS304 , SS316 , SS316L

**Lining Material:** PTFE ,PFA ,PO

**Nominal Diameter:** 1"~24"(DN25~DN600)

**Pressure Range:** Class 150 , PN10 ,PN16

<b>Body Material</b>	A105 , SS304 , SS316 , SS316L
<b>Lining Material</b>	PTFE ,PFA ,PO
<b>Nominal Diameter</b>	1"~24"(DN25~DN600)
<b>Pressure Range</b>	Class 150 , PN10 ,PN16

Connection: Flange  
 Head Code: Round  
 Wall Thickness: Sch40  
 Technics: Casting  
 Connector: Flange  
 Liner: PTFE  
 Specification: DN25~600

Shape: Equal  
 Angle: 90 Degree  
 Material: Carbon Steel  
 Certification: ASME, GB  
 Size: Dn25~600  
 Materials: Carbon Steel  
 Medium: Corrosion Medium
